Profile

I am a web developer and entrepreneur. I enjoy all aspects of web development from conception, to design, to implementation. Finding ideas and bringing them to life on the web is what I live for.

Skills

- HTML5

- GitHub

Education

Full Stack Web Development Certificate
UC Berkeley Extension
2020–2021

Master's in Psychology
Sonoma State University
2007–2009

Bachelor's in Psychology
University of Nevada, Reno
2002–2007

Experience

Owner / Manufacturer's Representative
Summit Equipment Services | 2016–present

I fulfill contract obligations for various equipment manufacturers where I ensure that automotive dealers and repair facilities in Central and Northern California have the equipment and training they need to serve their customers.

Financial Advisor
Edward Jones Investments | 2014–2016

As a financial advisor I was personally responsible for overseeing the wealth management and investment strategies for over 250 clients in the North Bay Area.

Lead Associate
Umpqua Bank | 2012–2014

As a lead associate I acted as an assistant manager for the branch where I oversaw the training and hiring of new employees and was responsible for ensuring that branch operations were in compliance with company rules and federal laws.
